RIGGS WORKWEAR®

Wrangler Wrapid Wresponsesm

Designated styles in this catalog are available for immediate shipping. Wrangler Wrapid Wresponsesm (WWW) orders will ship in five (5) to ten (10) days after being entered.

WRANGLER® RIGGS WORKWEAR® TECHNOLOGIES:

COOL VANTAGE[™]

SWEAT WICKING TECHNOLOGY

Cool, dry and comfortable. Wrangler® RIGGS WORKWEAR® Cool Vantage[™] technology wicks sweat away from the body 5X faster, and provides unrestricted movement, keeping you cool, dry and comfortable no matter how hard you work.

Advanced mobility for greater productivity. Exclusive to Wrangler® RIGGS WORKWEAR®, all work jeans, pants and shorts feature gusseted crotch construction for added freedom of movement. Work shirts combine side gussets with generous relaxed fits for greater extension and flexibility.

Unmatched durability, comfort and dependability. Developed by leading fabric engineers and exclusive to Wrangler® RIGGS WORKWEAR®, DuraShield® is denim fabric made of fibers that move during wear and washing to reduce abrasion and protect the denim color.

Unbelievable strength, tear-resistance and breathability. Wrangler® RIGGS WORKWEAR® Ripstop fabric is medium-weight 10 oz. 100% cotton, the very definition of "performance fabric". A viable alternative to denim, it provides year round comfort and protection.

CARPENTER JEAN

COOL VANTAGE
SWEAT WICKING TECHNOLOGY

- 70% Cotton / 30% Polyester Denim
